

# Connex Solutions

helping you get more done

## Connex Solutions help you

- › **Conference anywhere, anytime** — with web and audio conferences that are just a click away you can communicate with more people with less time and less overhead
- › **Increase attendance at your events** — invite, register and remind conference participants of your event to ensure that your message is heard by your organization, the press or investors
- › **Connect with more customers, strategic partners and new prospects** — through web and audio focus groups, new product launches and rollouts
- › **Improve communication, promote teamwork and unity** — with daily conference calls that help you get everyone on board and moving in the right direction
- › **Generate new leads with your sales team** — get them on the phone rather than on the plane and start dialing for new dollars

**Our real-world and flexible services help simplify your day and foster your success**
